PROFESSIONAL SUMMARY

Civil Site Engineer and Construction Management graduate with nearly **3 years of experience** supervising site operations, structural execution, quality control, and contractor performance across residential, commercial, and infrastructure developments. Holds an **MSc in Construction Project Management** from the UK and a BSc in Civil Engineering, combining hands-on technical site supervision with strong commercial and project coordination skills. Proven track record in groundworks, piling, concrete structural frames, and finishing packages. Available for international Site Engineer roles worldwide.

CORE COMPETENCIES & TECHNICAL SKILLS

- **Site Supervision & Quality Control:** Structural concreting, formwork, steel reinforcement, piling, soil testing, finishing works.
- **Project Planning & Tracking:** Critical path analysis, MS Project, daily site logs, bottleneck identification, milestone tracking.
- **Technical Software & Digital Construction:** AutoCAD, Revit (Basic), BIM (Plannerly, ACC), CDE (ISO 19650), GIS Mapping.
- **Procurement & Commercial Management:** Material quality inspection, supplier coordination, tendering, cost estimation, contract administration.
- **Standards & Compliance:** CDM Regulations, quality management, site safety protocols, engineering codes compliance.

PROFESSIONAL EXPERIENCE

Senior Procurement Officer (Apr 2022 – Jul 2023)

China Harbour Engineering Company Ltd. (MNC), Bangladesh

- Managed procurement for materials, equipment and subcontract packages on large-scale projects.
- Analysed supplier performance and improved planning processes, **reducing material lead times** by 25%
- Processed invoices, facilitated payments, and optimized cheque transactions.
- Acted as a key link between suppliers, engineers, and site management to resolve delivery and quality issues
- **Cost savings** on key materials through competitive tendering and supplier performance management.
- Translated technical documents (Bengali to English) and resolved local project challenges.

Project Engineer (May 2021 – Mar 2022)

MNC Apparels Ltd., BD

- Supervised site execution from foundation to structural completion, overseeing soil testing, piling, and concrete works.
- Direct-managed sub-contractors on site, ensuring strict compliance with structural drawings, material specifications, and quality standards.
- Monitored construction schedules daily to resolve site delays and hit project milestones safely.

Site Engineer (Feb 2021 – Apr 2021)

STS Group (Evercare Hospital Project, Chattogram), BD

- Coordinated **16+ concurrent work** packages managing dependencies to **maintain critical path**
- Developed task tracking system identifying bottlenecks to resolve scheduling conflicts
- Conducted **quality control** assessments on finishing works.

Site Engineer (Dec 2020 – Feb 2021)

MK Engineering (Commercial Building Project), BD

- Supervised contractors ensuring quality execution of formwork, reinforcement, concreting, and finishing
- Monitored daily progress, maintained site diaries, collaborated with management on technical queries

EDUCATION

MSc Construction Project Management | Merit | 2024-2025

University of the West of England, UK

Modules: CPM Practice, Procurement and Law, MMC, Managerial Finance, Sustainability, BIM

BSc Civil Engineering | 2:1 | Jan 2017- Dec 2020

Port City International University, Bangladesh

Modules: Structural Engineering, Project Management, Transportation Engineering, Water resource management.

CERTIFICATIONS

- Academically Qualified Person (AQP) **CSCS Card** – Valid till April 2030
- Full UK Driving License
- Engineering Project Management: Initiating and Planning – Rice University (Coursera)
- GIS and Its Application – GIS & Hydrologic Modeling Research Training
- Professional Quantity Estimate with Excel – Professional Training Center for Civil Engineers
- Critical Thinking and Problem Solving – LinkedIn Learning

KEY STRENGTHS

- Leadership & Team Collaboration
- Problem-Solving & Decision-Making
- Stakeholder Management
- Commercial Awareness
- Adaptability & Quick Learning

LANGUAGE

- Bengali – Native
- English – IELTS - C1 (Band 7)
- Hindi & Urdu – Conversational

RESEARCH/THESIS

M.Sc. - Blockchain Adoption in Material Procurement for Civil Construction

- Studied blockchain technology's role in enhancing transparency and efficiency.
- Conducted a survey and data analysis to identify adoption barriers.

B.Sc. - Water Quality Assessment on Halda River (Bangladesh)

- Analysed river water quality using BOD5, DO, EC, TSS parameters.
- Recommended mitigation measures based on findings.

VOLUNTEER WORK AND EXTRACURRICULAR ACTIVITIES

- Bangladesh Scouts (2005–2015) – Team Leader of Rover Scouts & Boys Scouts.
- Member of HH Foundation, NDR Club, Al-Wahid Foundation.
- Cricket Team Captain in multiple tournaments.
